

# It is a JUNGLE Out There!

"For my people is foolish, they have not known me; they are sottish (**drunk**) children, and they have none understanding: they are wise to do evil, but to do good they have no knowledge." -Jeremiah 4:22

If there was ever a time when God's people need to be alert, it's now. God called Israel "foolish" and said they were like drunken alcoholics who were out of their mind. A drunk man cannot be reasoned with, he has lost control of his mind and body. Christians all across America today are like drunken alcoholics who have no idea what is going on around them. Of course, Israel was arrogant and refused to listen to Jeremiah's preaching. This is why God finally had his servant Jeremiah pronounce judgment upon Israel in Jeremiah 25:11. Seventy years of captivity were going to be Israel's punishment. One year for every Sabbatical year they broke. Payday had arrived.

Likewise, America's payday is coming. It is a jungle across this once great nation. America is no longer the symbol of greatness. China last week announced they have no faith in the American dollar anymore. The dollar is at an all time low against the Euro. The day will come when America's money will litter it's streets, totally worthless. The only thing that will matter then is what we did for Jesus Christ, and with Jesus Christ. Hopefully you are a born-again Christian, if not [click here to learn how to go to heaven](#).

America's godless public school system is a jungle (where students have sex on school property, destroy school property, bring illegal drugs and handguns, and nearly every other debauchery known under the sun). The public school system is a fraud, a failure, a conspiracy designed to keep America's youth IGNORANT of the truth, and what they can do to make a REAL CHANGE. Students across America are brainwashed to vote Democrat or Republican, and the scam continues. You'll never learn in public school that it was AMERICAN corporations who funded Hitler's war machine.

You'll never learn in public school that IBM corporation manufactured the stamping devices to mark the Holocaust victims. You'll never learn that your own government is THE BIGGEST dealer of illegal drugs on the planet. If you don't believe me, then ask the California Congresswoman Maxine Waters. Ask former narcotics officer, Mike Ruppert. Do a web search for their names with the word "drugs" and you'll be surprised. Public school is a bunch of lies and deception. You'll learn that you came from a monkey in public school, instead of learning that you were created by a loving God Who gave His Son Jesus Christ to die upon the cross for your sins.

I was watching the news today and couldn't stop laughing. Governor Schwarzenegger works in a multi-million dollar state building, but has to go outside to smoke his cigar in a makeshift tent because of California's laws against smoking indoors. Only in America! Only in America do we drive on our parkways and park on our driveways. Only in America are we given 50 women to choose from for Miss America, but 2 or 3 choices for president of the country. Only in America can a pizza arrive to your front door faster than an ambulance. You get the picture. Did I mention that hotdogs come in packages of 10, but the buns only come in packs of 8? Only in America!

We are a nutty nation. I saw on TV where doctors flew a child in from a foreign nation. She was struggling to survive. The team of surgeons spent over 15 hours operating on this young child to try to save her. Yet, Americans murder perfectly healthy babies at a rate of about 1 every minute. That adds up to millions...43,000,000 to be exact.

Only in America do we try to save the whales while murdering the children. It's hard enough for a young woman to deal with a pregnancy. On top of that, many young

women are brainwashed by *Planned Parenthood*, unsuspecting the entire time of the organization's secret agenda (population control). George Bush Jr. gave \$288,000,000 to Planned Murderhood last year.

Let's get really wacky shall we. Let's attack a sovereign nation without approval from the United Nations. Let's spend \$280,000,000,000 to do it (tax-payer's money of course). That's enough money to pay the college tuition of EVERY college student in America!!! Let's kill tens-of-thousands of innocent people in the process of liberating a country who didn't need to be liberated. By listening to CNN, you'd think the Iraqi's would love us. In reality, most resent and hate America for what we have done to their nation. Millions of Iraqi's are without work, water or decent food. Saddam Hussein NEVER once threatened to attack the United States, nor did Iraq ever attack us. We have destroyed an innocent people to steal their oil. Already, \$8,000,000,000 is missing from the government of Iraq's bank accounts since the American invasion. The U.S. blames the "insurgents." It is really sickening! The Bush Administration doesn't lie very well.

Where is all the money going? To fund the New World Order of course. You see, money is power and it takes a lot of money to take over the entire world. The Federal Reserve was created back in 1913 for this purpose. The world is controlled by a few, the Satanists, the occult inspired, the elite, the globalists, the billionaires, the illuminati. The Bush family are merely pawns, puppets of the higher powers. It's a jungle in this world and the devil is the ringleader of the circus.

Where are you at in all this mess? Are you brainwashed, living in darkness, without hope of eternal life, without Christ? You don't need to be. I could write a book on "The Jungle Out There." I only wrote this article to make you think a little bit...ok, a lotta bit. Do you see the world as splendor? Do you really think things are going to improve in the world? Do you not see the evil trends steering us towards destruction? I meet so many people who are foolish, indifferent and rebellious against God. One man literally looked at me after I shared some of these things with him and he said, "Who cares!" Another man told me that I worry too much. Another person said I was depressing

to listen to. Another man said I was wrong and that he felt the world was going to get much better. Idiots! Their heads are stuck where the sun don't shine. They are "at ease on Zion" (a popular term used to describe Israel's backslidden condition back in the Old Testament. Israel just didn't think judgment would ever come. We'll, it did and king Zedekiah watched all his sons have their eyes burned out of their heads by the atrocious Babylonians. They were FOOLISH not to hear Jeremiah the prophet.

The same voice of God is crying out to the world today from the Word of God.

**"I tell you, Nay: but, except ye repent, ye shall all likewise perish." -Luke 13:5**

These are the spoken Words of Jesus Christ. Will you repent? Have you repented already? Where are you at in life? What does the Bible mean by "repent?" It does NOT mean to turn from all your sins. This is impossible! No one can live above sin, no one. "Repent" means "to turn around." A good example is a U-turn with your car. God wants us to repent of our unbelief and of our attitude towards our sin. God wants us to "confess" our sins for what they are...filthy, dirty, rotten, wicked sins. God wants us to turn from our unbelief in Christ. We need to turn TO Jesus Christ in faith, asking Him to forgive our sins and come into our heart as our personal Saviour. This is what you must do to escape judgment. [You must get saved.](#)

**"And the times of this ignorance God winked at; but now commandeth all men every where to repent:" -Acts 17:30**

God didn't wink at (condone) their sin in the Old Testament, God was simply patient with their ignorance because many things were still a mystery until the New Testament came along. Today, we have NO EXCUSE! Never in history has the the gospel of Jesus Christ been any more clear than now. You see, God will not punish a man unjustly. Believe me, if

you go to hell...it WILL be because you deserve it.  
Thankfully, I know I'm not going to hell because my sins are washed away by the blood of Jesus. I certainly do deserve to burn in hell, but Jesus paid for my sins and made a way of escape. My faith is upon Christ alone, apart from all else. My good works are filth, my baptism just made me wet. I am a hell-deserving sinner, saved only by the merciful grace of a Loving Heavenly Father. God is Everything, but I am nothing without Him. I love God because He has forgiven me for so much. It surely makes it easier to deal with this jungle called "life" when you know you have God living within your soul.
